BEFORE THERE WAS TIME

VERSE 1

D
Before there was time

                                            A
There were visions in Your mind

                                                      Em7
There was death in the fall of mankind

                                  D/F#   G2
But there was life in salvation's design

                              D
Before there were days

                                                    A2
There were nights I could not see Your face

                                          Em7
But the night couldn't keep me from grace

                                  D/F#   G
When You came and You took my place

CHORUS

             A   G   D
So I cry Holy, only begotten Son of God

                  A
Ancient of Days

            A   G   D
I cry holy only begotten Son of God

                       A
And sing the praises

            Em
Of the One who saved me

                 G   A
And the promises He made

VERSE 2

Before there was time
                               D

You counted the hairs on my head
                                      A

You knew all the words that I've said (Em7)

You purchased me back from the dead (D/F#   G)

And before I was made (D)

You searched me and knew my ways (A)

You numbered all of my days (Em7)

You set forth the steps I would take (D/F#   G)

CHORUS

So I cry Holy (A), only begotten Son of (G) God (D)

Ancient of Days (A)

I cry holy (A), only begotten Son of (G) God (D)

And sing the praises (A)

Of the One (Em) who saved me

And the promises (G) He made (A)

Before there was time (D)

BRIDGE

You saved me (D), You (A) raised me (Em7) (G)

You saved me (D), You (A) pulled me (Em7) from the grave (D/F#   G)
