                                         D
                                              C/E
PRE-CH
            Unto us a Son is given, unto us a Child is born
                                  Gsus
           He Who is mighty has done a great thing
CHORUS
                           Am/F
           Taken on flesh, conquered death's sting
           Shattered the darkness and lifted our shame
                C
                      Dsus D (intro)
           Holy is His name

                C
                      Dsus
           Holy is His name
                                                 Em
            Oh, the freedom our Savior won, the yoke of sin has been broken
VERSE 2
                    D/F#
                          G/B
            Once a slave, now by grace
                    Dsus D
                               G/B Am G
           No more con - demna
                               Gsus
           Now my soul magnifies the Lord
BRIDGE
                          Dsus
           I rejoice in the God Who saves
                            Gsus
           I will trust His unfailing love
                                 Dsus
                                        D (repeat bridge)
           I will sing His praises all my days
