LORD MOST HIGH

Intro: F Fsus F Fsus

```
FSUS
V:
    From the ends of the earth (from the ends of the earth)
               Csus
    From the depths of the sea (from the depths of the sea)
    From the heights of the heavens (echo)
                F/Bb
    Your name be praised
                             FSUS
    From the hearts of the weak (echo)
                Csus
    From the shouts of the strong (echo)
               Dm
    From the lips of all people (echo)
               F/Bb Bb
          Вb
    This song we raise, Lord
```

```
F
          F/A
                            Вb
                                    F/C C
CH:
         Throughout the endless ages
      F
          F/A
                                       F/C
                         Вb
         You will be crowned with praises
                     Csus C
          Dm
               Вb
         Lord Most High
     F
                     Вb
                           F/C C
         Exalted in every nation
     F
         F/A
                              F/C C
                        Вb
         Sovereign of all creation
                Bb
                      CSUS C
                              F/A
                                         Вb
                                             Bb/C Bb (F)
         Lord Most High,
                              be magnified
```
