

AT THE FOOT OF THE CROSS

V1

Beneath the cross of Jesus
Lord, I would spend my days
In the shadow of the One who ransomed me
May I not become familiar
With its marvelous good news
But live my life with it always in my view, oh

CH

At the foot of the cross
Lord I bow down and worship
Overcome by so great a love
At the foot of the cross
I will cherish all Your mercy
All Your goodness, Your wisdom, Your pow'r
At the foot of the cross.

V2

Upon the cross of Jesus
Lord, I would fix my eyes
For it always will remind me of these truths
My iniquity seems endless
Yet greater still Your grace
And I will glory in the cross throughout the ages, oh
