

HERE AT THE THRONE

V1

How can I ever begin to thank You
For all You've done for me
You emptied Yourself Lord,
And You became poor to lavish grace on me
And You have loved me Lord
With an ever - lasting love

CH

So here at the throne of grace I stand
To exalt the great I AM
Where the blood of Jesus covers me
Here at the throne of grace I stand
Finding mercy at Your hand
And Your mighty pow'r in time of need
Here at the throne of grace

V2

In You is mercy and sweet forgiveness
And cleansing of my sins
In You is beauty all heaven's glory
All holiness and strength
And You have loved me Lord
With an everlasting love
