

MY SAVIOR'S PRECIOUS BLOOD

V1

My Savior's blood is all I need
There is no other sacrifice, that is required
For He became my righteousness
When in love He suffered willingly

CH

On the cross where He bore the wrath of God
And in my place was lifted up to die
And through His death He gave me life
My Savior's precious blood
My Savior's precious blood
Is all I need

V2

One sacrifice completely paid
For all the sins that I have done, against my God
Now I've received what Christ has earned
For Christ received what I deserved
