

UNDER THE MERCY

V1

We're under the mercy of our Holy God
Mercy that cleanses us from all our sins
By the blood You shed We now draw near
In the shadow of the cross I will sing

CH

Unto the King eternal Unto the King immortal
Unto the King invisible Unto the King eternal
Unto the King immortal Unto the only wise God
We bring honor and glory Forever and ever, Amen

V2

We're under the mercy of our Holy God
And we've found the perfect refuge That You are
You are reigning over us in love
In the shadow of Your wings I will sing

BR

You are reigning over us!
You are reigning over us!
You are reigning over us!
You are reigning over us!
